

**Facilitate regional energy markets through incentive
and flexible regulation:**

**Efficient management and operation
of the electricity networks**

**14th Athens Energy Summit
Athens, February 5th, 2025**

**Foteini Antonopoulou
Lawyer**

I. The common European policy on electricity networks

II. Clean energy transition is driving the transformation of our energy systems – Challenges

III. Need to improve the current regulatory framework by considering benefit-based incentive schemes both for TSOs-DSOs and network users

A. Promote efficient capital investment – secure lower prices for customers

B. Flexibility services procurement

C. Different tariff types can incentivise network user behaviour in different ways

D. Securing efficient levels of service quality

E. Enhancing TSO – DSO coordination

IV. Efficient and incentive regulation, monitoring and supervision by the NRAs
